

SANDEEP VISHWAKARMA

Frontend Developer — React.js — MERN Stack

✉ sandeepvishwakarma95@gmail.com

About Me

Frontend Developer skilled in JavaScript and React.js, with hands-on experience in building modern web applications. Has basic knowledge of backend development using Node.js, Express.js, and MongoDB as part of the MERN stack. Eager to learn, grow, and contribute to real-world projects.

Experience

Frontend Intern — Developers Street

Oct 2025 – Present

- Designed and refined **UI prototypes using Figma** to align with product requirements.
- Built **responsive and reusable components** using **React.js** and **Tailwind CSS**.
- Integrated **REST APIs** to enable seamless and dynamic user interactions.

Frontend Development Intern — Notamedia

Jan 2025 – Jun 2025

- Developed **15+ reusable React.js components**, improving UI consistency and code maintainability.
- Delivered **mobile-first, responsive interfaces**, enhancing cross-device usability.
- Designed and implemented **interactive product showcase pages**, increasing user engagement by **25%**.
- Integrated and optimized **REST APIs**, reducing page load time by **18%**.
- Collaborated closely with **backend developers and designers** to streamline the development workflow.

Projects

MAC-OS Inspired UI

Jan 2025

- Built a **MacOS-style user interface** using **React.js functional components**.
- Implemented **interactive UI behaviors** including window-like components, animations, and transitions.
- Used **JavaScript (ES6+)** for event handling and dynamic content rendering.
- Designed **responsive layouts** using **HTML5 and CSS3**.
- Followed **component reusability** and clean code practices.
- Ensured **cross-browser compatibility** and optimized UI performance.

Task Manager App

Feb 2025

- Developed a **task management web application** with an intuitive **drag-and-drop workflow** for efficient task organization.
- Implemented **smooth UI animations and transitions** using **Framer Motion** to enhance user experience.
- Optimized **API interactions and data handling** to improve application performance and responsiveness.

Education

B.Tech (IT) — DR. A.P.J Abdul Kalam Technical University, Lucknow, U.P.

2021–2025

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS

Backend (Beginner): Node.js, Express.js, REST APIs

State Management: Redux, Context API

Programming: C++, Basic Python

Databases: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, Vercel, Render etc.

Certifications

MERN Stack Development — CodeHelp

Data Structures and Algorithms — Udemy

[View](#)

Python Programming — Simplilearn

[View](#)

Achievements

- Solved **300+ Data Structures and Algorithms problems** on **LeetCode**, strengthening algorithmic thinking and coding proficiency.
- Led and organized **college-level spiritual and cultural events**, fostering teamwork, leadership, and community engagement.
- Ranked among the **Top 5 participants in a college-level Codethon**.
